Activity Instructions

[INTRODUCE] Introduce the activity.

- » Say: "I know it's important for you to do your favorite activities, and that you enjoy cooking. Would you like me to help you cook today?"
- » Do: Show the resident the materials you will be using and explain how they work, if needed.

[WASH] Start by both you and the resident either washing or sanitizing your hands.

[CHOICE] Ask the resident what recipe they would like to make. Offer the available options based on their preferences.

- » Say: "What recipe would you like to make with me today?"

[ASK QUESTIONS] See question card for ideas.

[OFFER] Offer to assist the resident with the activity, if needed.

- » Do: Observe the resident and if they are struggling, offer to help.

Using the Senses

[SENSE] Engage the resident by using prompts, such as questions or gestures, relating to the five senses. Encourage the resident to **see, touch, smell, taste,** and **hear** during the activity, for a sensory experience. (Tip: Participate with the resident, you can answer these questions too).

» **See:** Encourage the resident to look at the ingredients; notice the different colors, sizes, and textures.

"What do you think of the ingredients? Do they look any different than how you remember? Do you have a favorite ingredient, if so which one? Which ingredient is the biggest and the smallest?"

» **Touch:** Encourage the resident to touch the ingredients.

"What do they feel like? Do you like that feeling? Can you describe it?"
